DETAILED ACTION

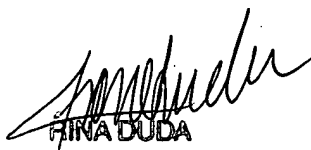

Allowable Subject Matter

1. Claims 1-16 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art made of record does not disclose a motor control apparatus comprising a correction unit for correcting the output of a rotational position sensor on the basis of a difference in time interval from a reference time until each control time of the motor. In a rectangular wave control. Furthermore, the prior art does not teach a motor control method/apparatus including a correcting unit for correcting an output of a position sensor on the basis of a difference between a time interval from a reference time until a control time at which the motor is controlled based on the output of the position sensor and the time interval from the reference time until a true control time at which the motor needs to be controlled in a rectangular wave control. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Rina I. Duda whose telephone number is 571-272-2062. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Martin can be reached on 571-272-2107. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
